

# 10-Step Keyword Goldmine Checklist: Go From Blank Page to a Winning Keyword in 20 Minutes.

## INTRODUCTION

If keyword research has ever felt confusing, slow, or full of guesswork, this checklist will change that. In the next 20 minutes, you'll learn exactly how to uncover hidden keywords that others overlook — no expensive tools or SEO background needed. Each step is designed to remove overwhelm and give you quick, confident progress you can actually see on the screen. Follow this process once, and you'll already be ahead of 90% of people who never take action. Print it, open your browser, and let's strike keyword gold together.

### 10- Step Goldmine

1. Identify your topic area.
2. Use the “seed keyword” trick.
3. Plug it into Google Autosuggest.
4. Use free tools to verify volume.
5. Check SERP competition.
6. Spot the ranking gap.
7. Filter by “easy win” phrases.
8. Track 3–5 keywords on a spreadsheet.
9. Pick your top winner.
10. Plan your first content piece
